

Thank you for wanting to read this Crowd Fund Proposal from ErsatzCoin and DotComs4Sale.com.

My name is Keith Ray Elam, age 61, and for the past 21 Years, I've lived in Mexico, Colombia, and Peru.

I've had a very hard time looking for a Place to live, and had to resort to a Reality Agent once in Puerto Vallarta, Mexico. The owner refused to deal with me direct, so I know that I was paying a extra 100 dollars for the rent, going through a Real Estate Agent. The only other place to find a place to rent, was on Craigslist, which the English Spoken People made a living from it! But no one places ads on Craigslist anymore. I was ripped off using Craigslist, 3 times!

DISCLAIMER:

As you know, Airbnb has been sued many times from people who rent from Airbnb. Details Airbnb will be upset if I mentioned some of the Lawsuits, they had to pay off, into the Millions. I know for a fact, this might happen to me! I wrote to Airbnb today, and asked them to buy my Spanish Real Estate .Coms, but I have Carlos Slim, and many more Booking Agents to contend to, if I do not raise any Funds with ErsatzCoins, which I am the owner, and no one else is Partners, only my Investors will be!

When I go on Airbnb, there are 20 places to rent in Cusco, Peru! So, I found a New Apartment Complex that I am going to Furnish and rent on my Websites, to make a few Bucks to pay for my Rent, until I visit Cusco again. But!? There was no where to Post my Rentals in Spanish on the Internet! I also have many Contacts who can find other Landowners and

Rental Scouts to Post on my Spanish Websites! This Investment for me, is the Most Popular City on Earth! Trust me, if I had a place to rent my new Rentals online, I would have! Walking for hours all over the Spanish World, reading Spanish Fliers and making Phones calls, takes a Toll on an Old Man like I! Haha, just a Joke! I like walking the Foriegn Streets to ease the pain, and learn something new in Life to look at!

OK, enough of the Jibber Jabbing! What is in it for the Crowd Funder Investors!?

Each ErsatzCoin will cost you \$10 USA Dollars. You can Purchase as many as PayPal allows! Under \$500 Dollars per Purchase! Make sure it is a Purchase, so that you can dispute any charges with me. If you think that I am your Brother in life, a Gift can be great, I will use your money wisely! You will get the extra ErsatzCoins, PayPal can never own! It is your money your giving to me, not mine to spend! I have enough money to live on in Life, in the Spanish World!

The Ersatz Funds will go towards advertising to Promote my Spanish Real Estate .coms on Google Spanish and the other Spanish Search Engines, also in USA, UK and Europe. Once we get into a Foreign City, we will pay the Homeless to pass out Fliers to each Home and Apartment Complex. Why sponsor the Illuminati Local New Media Stations, around the World!?

What I plan to do, is Guarantee both Renter and Property Owner to be Protected. Which, it will be impossible to do, after knowing about Airbnb's History of Lawsuits. But, there are

ways to educate the Landowners and Renters about Fraud and Abuse, but also make sure each Client is ID! There are other ways to protect the ones who will Trust our Real Estate Companies, but Airbnb and the rest of the Booking Companies are listening in on us right now! Like the FEDS, and the ones who are paid off, to shut down little people like me, who only want our Freedom back again!

P.S. We will make sure, anyone who rents from .Coms4Sale Websites, do not demand a Vaccine Passport, like all Booking Agents will be doing one day! Most Spanish Nations Citizens were forced to take the Deadly Vaccines that have killed many that I have known! No Conspiracy Story that is coming from my Mouth, only coming from my eyes and ears! And I saw many who caught Covid, went home, knew what to do to cure the Cold, and never saw a Doctor! No Conspiracy Story coming from my Mouth, only coming from my eyes and ears! But this is to insure, what Nations on Earth are allowing the Non-Vaccinated to enter into their Vaccinated Nation, we will keep the World posted! Best to go to your Doctor, told the Doc that you caught Covid, while traveling, then being around others who had it, and you never caught it again! There is my Confession to my Government officials who want to throw me in Jail, for refusing their Mandates! Bill Gates and the Government officials who want to depopulate the Human Race, using their Vaccines!? But they will kill you, one way, or the other, by forcing you, where you can not work in Life, and watch you starve to death, right in front of their eyes! Enough venting out, maybe one day the World will get back to Normal again, so I can see the World, and meet Landowners, who we've helped save their Homes from being Confiscated by the Central Bankster Gangsters, during their Lockdowns!

Many can not get a PayPal account, many have no means of Funds to have a Bank Account in many Nations. This is why we need walk in Call Centers! Landowners can come and pick up their Money, renters can come in and pay for their Rent! If I am not bought out, I will do my best, all Funds will be used in Cash or Credit Cards!

PayPal for me, is the best way to rent online! Or buy to buy a Airline Ticket, well, not all the time. I will be using this as a Payment Method, and force both Landowner and Renter to use PayPal for short term, for long term rentals, a Credit Card must be used, for long term! Why!?

Airbnb does not Protect the Landowners or Renters! If one was to damage a Home, or refuses to leave the Premises! Landlords, like I once was, do not have the money try to evict a tenant. A Credit Card can help!

I paid once for a Place on Airbnb, went to the Place, and it was an Abandon Pizza Parlor! Took weeks to get my refund, and what a waste of time, looking for a way to get a refund, when there's no way to get one on Airbnb! I had to use PayPal! To get my Refund Back! But, today I was denied a Refund from PayPal. Made me want to rethink using PayPal again! I lost a lot of money from a Flight that was changed, and I had to cancel the Flight! Makes you wonder, if Wall Street Crooks were not involved!?

Also, the ErsatzCoin Funds will go towards opening up Call Centers around the Major Cities in Spanish Nations, and also in the USA, for the Spanish and English! Why Call Centers!?

To provide work for the People who were once Thieves on the Streets! The Call Centers are also Real Estate Agents! Mind you!?

I went to a Spanish Real Estate Agent in LA. Paid 350 Dollars for a List of Rentals, which were outdated! I know how to close Fraud Businesses Down! Poor Mexicans in USA, who trust Thieves! They would love my Spanish Real Estate .Coms! So would I!

The Investors will get a 13% return from their Investments of what .Coms4Sale makes on the Earnings each Year. Why so little!? What happens if I get sued, like Airbnb has been Sued many times!? They pay off Millions to keep their Name Clean!

Each Year you can cash out your Earnings, Invest in more ErsatzCoins, or go travel the World, using ErsatzTokens to pay for your rental, at a 50% discount, plus using the ErsatzTokens for Free Rentals, which in Reality the ErsatzTokens are ErsatzCoins. Eventually there will be a Cap on this Crowd Fund, so that Investors can sell their ErsatzCoins online to others! 100% of the Profits will go to you, no Broker Fees will be charged, if you decide to cash out on a Auction! I will post a Website, where others can Bid on your ErsatzCoins when you want to cash out! We Guarantee, if you can not sell them, you still have \$10 dollars in your Pocket. We will Guarantee all Investments, because the Wall Street Crooks can not steal your money from you, nor can I! I'm too afraid to, too much to lose in Life for my Children to own one day! Over 430 .Coms, worth Tens of Millions? You can not say this, about all of the CryptoCoins that have gone Bankrupt, and that the Wall Street Crooks will have stolen

Trillions one day, because the CryptoCoins was backup by, a Electricity Bill, and the Word of Mouth!

If, anyone of the Investors invests over 100 ErsatzCoins, will get a 50% Discount on the Rental Fees, around the World for one Year! You can buy ErsatzCoins up to one Year, then be able to use the Discount the Following Year! You can use the ErsatzCoins to pay for the Rentals, so that you can have places around the World to stay at one day, once the Word of Mouth gets out to the Spanish World, and start renting their Property to Tourists on my Spanish Real Estate Websites!

To be Honest with the ErsatzCoin Investors!?

This Crowd Funding is called a “Pump and Dumb Scheme!”

“You” will get rich, when I sell off the Spanish .Coms to Airbnb for a few Hundred Million!

The more Funds that I can raise on Paper, the more the Value my Spanish Real Estate becomes, for other Investors to invest to Buy Off these Spanish Real Estate .coms from .Coms4Sale!

If not, we are going to still expand around the World! We will be looking for Landowners to even Pump Up the Value of your ErsatzCoins! Our should I say, your Investments!

If you do not know what Ersatz stands for, look it up! I has many meanings to it, which all apply to this ErsatzCoin! Great name for all Cryptocurrency! But my CryptoCoin, the HempCoin and the CannabisCoin, are the only Cryptocoins

that will have any Value one day! And will only increase in Value, once the Presidents around the World get their heads out of there Asses, and outlaw Fossil Fuels, and Legalize Hemp again!

ErsatzCoin, is only Stock that is not owned by the Wall Street Market! It will be a Promise Note that is written on a Piece of Paper that you will personally own! But also the ErstazCoins will be saved on Many Hard Drives and Servers, which you can not say this about to other Cryptocurrency Coins on Earth!

If you are interested in Investing into these Real Estate Spanish .Coms, here is the Contact email:

Invest@ErsatzCoin.com

NOTE: All of these Websites are online, and are ready to accept Customers, once we get enough Landowners to attract the ones like me, who want to find a nice place to rent in Life.

Mind you one thing, in life! All of these .coms, I have used while traveling the World, but these .coms never existed, for me to use and travel on! One day, I will stop asking for Funds to make these Websites become a Reality, in the Spanish World, and I will make this happen, because I just did....
